Developing Team Groundrules

1. **Think** individually about the rules that could help this team be successful in working together.

2. Use ***Roundtable*** to draft your groundrules.

3. When time is called, post this worksheet in conspicuous place on your table.

4. Scatter out to the other tables and look at other teams' groundrules.

5. Return to your table and report back about other good ideas that you learned.

6. Come to consensus on whether or not you would like to add any of the groundrules you learned from other teams. Make any changes or revisions that seem appropriate. Sign when all can agree to abide by the groundrules.
